EDUCATION

Bachelor of Science
Information Technology

Purdue University

2021 - current
West Lafayette, IN

SKILLS

- Microsoft Windows
- JavaScript
- MySQL
- VMware Workstation
- Wireshark

SUMMARY

Aspiring IT professional with an educational background in cloud technologies and machine learning, aiming to apply my skills in a dynamic internship at Peraton. I'm keen to hone my technical skill set amidst some of the brightest minds in technology while supporting Peraton's commitment to national security through advanced IT solutions.

WORK EXPERIENCE

Barista

Java Nation

2023 - 2023 West Lafayette, IN

- Prepared beverages with Hario V60 during special events, increasing foot traffic by 118+ customers per day
